DIRECTIONS:

Container can be held in any position while spraying, even upside down. For spot or crack and crevice applications only. Do not use as a space spray or broadcast application. Apply directly to pests if possible. If pests continue to be a problem, repeat application as necessary.

INDOOR: To kill spiders, direct the spray into hiding places, cracks, crevices, behind shelves and drawers. Also spray along door sills, baseboards and openings around sinks, drains and pipes, behind stoves and refrigerators, around window frames, in localized areas of attics and basements and around interior foundations.

OUTDOOR: To kill spiders, spray eave troughs, under eaves, outside surfaces of screens, doors, window frames, foundations, patios, light fixtures and other places where spiders may congregate on the structure or enter the structure.

LIMITATIONS: DO NOT USE on humans or animals. The application of this product to vinyl and aluminum siding (particularly lightly colored, aged, weathered or otherwise damaged) may result in staining, bleaching or discoloration. Factors such as extreme heat and direct sunlight can promote damage. Before applying, treat a small area of the siding and evaluate 30 minutes later to allow any potential staining to occur. Regardless of the test results, do not apply to vinyl or aluminum siding while exposed to direct sunlight or during the heat of the day. Do not apply to tapestries, wallpaper or similar materials that may be stained. For all other surfaces, test a small inconspicuous area of the surface to be treated for color fastness & staining before full application.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat or store at temperatures over 50C. DO NOT USE AS A SPACE SPRAY. Do not use in areas where food is handled, prepared or stored. Wash thoroughly after handling and before smoking or eating. Remove pets and birds and cover fish aquariums before surface applications.

After use and at least one (1) hours drying time, wash all surfaces that may contact food. Do not use on humans. Do not allow people or pets to contact treated areas until surfaces are dry. This product is extremely toxic to fish and aquatic invertebrates. Do not apply directly to lakes, rivers, streams, ponds, tidal marshes and estuaries. Do not contaminate the above-mentioned aquatic areas through spray drift, cleaning of equipment or disposal of waste.

FIRST AID: If in eyes: hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control centre or doctor for treatment advice. If swallowed: Call a poison control centre or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by a poison control centre or doctor. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person. If inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control centre or doctor for further treatment advice. Take container, label or product name and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: When container is empty, press valve to release pressure. Do not puncture or incinerate. Wrap empty container and discard in household garbage.

MARKETING STATEMENTS

Revolutionary new EcoCan uses the power of air.

EcoCan - the next generation in spray technology.

The EcoCan delivers a quiet spray without using CFCs or hydrocarbon propellants.

Sprays in any direction, even upside down.

Unlike products that utilise the EcoCan, normal aerosol products require that a percentage of propellant be included, the purpose of which is to expel the contents out of the can.

The EcoCan uses air pressure instead of propellant.

The EcoCan has a quiet spray.

The EcoCan sprays this product as a clear water-based solution that is non foamy and non greasy.

Eco Cans do not contain propellant.

Eco Cans do not need or use hydrocarbon propellant.

Eco Cans use newer technology.

Propellants no longer needed if you use the Eco Can.

Able to spray 18 feet (5.5 metres)

Long- lasting activity against brown dog ticks, fleas and spiders.
